Awards

2020 Gold Nugget Award

Vita Littleton is an age-inspired residential and commercial mixed-use community on the eastern edge of downtown Littleton. The LEED-Gold Certified development is designed for empty-nesters over the age of 55, creating an active and enriching community. Located just blocks from the RTD downtown Littleton light rail station on South Prince Street, the proximity to transit further serves active empty nesters, allowing them an easier commute to work or other entertainment locations in the area. Vita is a combination of nearly 11,000 square feet of retail and restaurant space as well as 160 luxury apartments including live/work units on the ground floor. Residents will enjoy several amenities including a swimming pool, dog park, bike room and connections to community trails; each of these appeal to the active lifestyle of the residents, creating a vibrant, walkable transit-oriented community.
