The Georgian Lakeside includes both Assisted Living and Memory Care facilities and has been designed from the ground up with aging-in-place gracefully in mind. Creating warm and comfortable living spaces for these special seniors, the 80,000 square feet Colonial-inspired building design seamlessly integrates wellness and vibrant living through a variety of amenities and features that support the residents' different dimensions and stages of life — physical, social, spiritual, emotional, intellectual, and environmental wellness. Well-appointed residences are spacious and the large portecochère creates a grand arrival as well as offers convenience and protection from the elements. The impressive lobby opens to the two-story dining room and is designed to take advantage of beautiful lake views. Thoughtful facility amenities include a fitness center, salon, library, chapel, theater, multipurpose room, an outdoor courtyard and private dining to help residents maintain an active and dignified lifestyle.
