Townhomes

Facts

Unit Plan Sizes: 1,638-3,134 sq. ft.

Number of Units: 62 du

Number of Stories: 4

Certification: Smart City Living

Combining modern living with a contemporary take on traditional Brownstone elevations, The Brownstones at Chevy Chase Lake deliver modern luxury in the ideal walkable community. These 62 luxury townhomes are smart city living certified, feature ground floor bedrooms, open main level with expansive kitchen and great room, and fourth level rooftop terrace with optional loft, all accessed by an in-home elevator. This feature allows owners to easily transport groceries from the garage to the kitchen, age gracefully in place, and quickly access all levels of the home. Located near the Georgetown Branch Trail, shops and the future Purple Line metro stop, The Brownstones at Chevy Chase Lake are a wonderful option for commuters and families alike.
