Inglewood Hotel is a six-story 175-room hotel located along Prairie Avenue across the street from the state-of-the-art SoFi Stadium. To maximize views of the stadium and create a dynamic presence along Prairie, Inglewood Hotel has an accentuated modular wood design. Modular wood design. The outside modules are expressed as a wood panel system with four varying façade options expressing a 'carving' of the building floating over a glass and concrete block base which serve to ground the modular form allowing for play in light, shade and shadow. Inglewood Hotel delivers a rich array of amenities including multiple balconies, pool, restaurant, bar and lounge, cafe, meeting rooms and gym. A sky deck and courtyard opens up on an angle allowing for excellent views of SoFi Stadium to the east, optimal for gatherings on game days. Other nearby attractions include multi-purpose arena, The Forum, as well as the future home of the LA Clippers scheduled to open in 2024.
