Liberty at Morningstar Ranch offers the ultimate in luxury and the space families needs, both inside and out. A voluminous entry foyer and architectural grand interiors create a WOW-factor surrounded by picturesque mountain terrain. Featuring up to six bedrooms, including large secondary bedrooms with walk-in closets, first-floor bedroom suite with private entrance and kitchenette, and up to 5.5 baths; but the biggest wow at the heart of the home is an extremely oversized, light-filled great room with space for formal dining for 10 and casual seating connecting to a large outdoor room to expand the buyers' indoor/outdoor living and entertaining. There is a chef-inspired kitchen with oversized island seating 6, an optional prep-kitchen to hide the mess, and a Costco-sized pantry. The media room is perfect for family movie nights. A highly sought-after four-car garage offers storage space for recreational vehicles and sports gear, while its traditional driveway is perfect for a basketball hoop.
