Indigo offers residents a unique 3-story contemporary single family home in southwestern Las Vegas. It offers three flexible floor plans that are commonly called “upside down plans” due to the main living located on the third floor, bedrooms second floor and garage on the first. These 24’ wide elevations include a signature rooftop deck with beautiful panoramic views of Las Vegas and the surrounding mountains. The gated community also includes a community pool, lush greenbelt/common area and playground.
