

Brad Golba AIA, NCARB
Senior Architect

Brad Golba, AIA, NCARB joined KTGy Group, Inc. in 2011. As a Senior Architect, he brings over a decade of experience to KTGy. While he has managed a variety of projects from single-family dwellings to larger wraps and podium projects, his predominant focus is in the residential multifamily sector. Mr. Golba's core specialty lies in finding innovative design and code-compliant solutions in market-rate condominium and townhome projects. His main collaboration today is with self-performing homebuilders, helping to develop and improve construction practices and methodologies that lead to a finished product that enhances the quality and character of the original design intent.

Mr. Golba's strong commitment to client satisfaction is evident in his comprehensive project management and problem solving tactics while ensuring his projects are delivered on time and within budget. His efforts and contributions have led to award-winning projects and communities within the Southern California region.

Prior to joining KTGy in 2011, Mr. Golba worked in San Francisco and Newport Beach with a specialization in luxury retail tenant improvements, mixed-use projects and high-end single family custom homes and estates.
